

European Research and Project Office GmbH

European Research and Project Office GmbH (Eurice) was founded in 2000 in order to assist and consult scientists, researchers and innovative companies in the area of EU research and project management, capacity building and dissemination of project outcomes.

Today, Eurice is operating a professional EU Project Management Office with 25 qualified and experienced Programme Managers, Project Officers and back-office team members. The company has a strong track record in supporting international consortia in proposal preparation, contract negotiation, and project implementation, incl. project reporting, and has developed a specific web-based project management and communication system for larger project consortia. Eurice has been participating in EU Framework Programmes since FP4 and has been involved in the coordination and/or administration of over 100 EU-funded research and innovation projects, with an overall budget of over 200 Mio Euro.

Eurice participants in the WOOD-TECH workshop:

Jörg Scherer, Managing Director

Jörg Scherer has been working as a research manager in both the academic and industrial sector for the past fifteen years. He has an outstanding track record in the coordination and management of over forty European RTD projects, and is frequently invited to speak on and conduct training sessions about the research and project management issues of EU Framework Programmes. He is also evaluator of various EU research and education programmes.

Lesya Matiyuk, Project Officer

Lesya Matiyuk is responsible for the management of the EU projects with the Eastern European countries. Having worked in both Ukrainian and German systems of education and having conducted numerous bilateral and international projects Lesya Matiyuk provides excellent expertise in the field of optimisation of the international academic and research cooperation. You can contact her in English, German, Russian, Ukrainian, French or Spanish.
