

**Study Visit
of the Russian WOOD-TECH-Delegation:
Study trip and site visits in Germany (Munich, Straubing,
Freising, Esslingen, Stuttgart)**

WoodTech

**17 – 21 January, 2011
Germany**

Organizers: The WOOD-TECH Consortium

Purpose of the visit: After the visit of the German delegation to Tomsk (22.-26. Nov. 2010), it is the aim for the visit of the Russian delegation to Germany to demonstrate innovative technologies and research approaches in the German bio-energy and wood-tech sector and to further develop the proposed common project initiatives. Special focus is set to visit operating and market-ready biomass plants and to discuss success and failure factors for wood based technologies as a key initiative for regional development and a promising Russian-German cooperation.
